

Gaetz Elected by 876 Majority; Galbraith Loses His Deposit; Red Deer City Goes Liberal

J. J. Gaetz, Liberal supporter of the Stewart government, was elected in Red Deer on Monday by 876 majority, with one poll to hear from. F. W. Galbraith, Unionist-Independent, loses his deposit.

Deer a Liberal majority of 100. Out of 56 polls Mr. Galbraith got a majority in two country and three city. The result looks like a landslide. At the federal election in December last Dr. Clark, Unionist M.P. Red Deer federal constituency, received over 400 majority in

Great Efforts Are Being Made Throughout Province in Way of Combating Flu Epidemic

Hon. A. G. MacKay Tells of Situation—1,000 Cases in Drumheller District and 20 Deaths, But Worst Probably Past—Prevalent at Leduc and Other Centres—Appeal Made for Nurses and Helpers

At noon Tuesday the Hon. A. G. MacKay, minister of health, handed out the following on the situation from the provincial standpoint as to the prevailing epidemic:

Drumheller—Dr. Dixon and his staff of workers were on the ground Monday and will be on the ground today. The doctor reports that the people of Drumheller, under Mayor Pullerton, have done and are doing splendid work, but under extremely difficult circumstances. There is an indication that the more serious cases are more or less limited with those that have a light attack. Other buildings must be provided here and through the district. Mrs. Kiel of this city and Mr. A. C. Gahraith, contractor and builder of this city, will be in Drumheller this afternoon. There are probably a thousand people, more or less, affected with the influenza in this whole district.

At noon Tuesday information by phone from Dr. Gibson at Drumheller indicated that the worst was probably past. The department is sending another doctor in on Wednesday. So far there have been in all thirty deaths in this whole district.

Leduc—In the town of Leduc and the country west and south of it the flu is very prevalent. Probably owing to the more favorable conditions, it does not appear, however, to be as malignant a type as in Drumheller, but both there being need assistance. Therefore, the province this morning sends out this urgent call for workers, men and women, for both Drumheller and Leduc fields, provided they can go down by late train tonight or early tomorrow morning, Sunday.

Drumheller—Per week, trained nurse, \$15 and all traveling and living expenses. Practical nurse, \$15 and similar expenses. Untrained volunteer, \$12 and similar expenses.

Leduc and country south and west—Per week, trained nurse, \$15 and all traveling and living expenses. Practical nurse, \$15 and similar expenses. Untrained volunteer, \$12 and similar expenses. One of the public health nurses goes down to Leduc this afternoon to look over the situation and report. There are supposed to be about 400 cases in this district.

Calgary—Mr. McColl, M.P.P., sends in an urgent request for two nurses at once. A part of the hotel has been taken over there as a hospital. There are a number of cases in the vicinity, however, four nurses were last week engaged for this district and are on the ground.

C.N.R. East—At Innisfree, Vegre-

ville and Vermilion, and other points along the C.N.R. they are sending in calls for help. The school at Vermilion has been improved as a hospital. Some of the nurses are down, but the citizens in these towns are pretty well organized.

Wetaskiwin—Mrs. Kiel organized workers in town but the flu is out at the east mines and 14 out of 18 men in one bunch of workers are down. Men are wanted to help in work of this kind. Train leaves 5 p.m.

Manora—Mannion sent an urgent call Monday but arrangements have been made with Miss Barrett at the Calgary hospital to send assistance.

Calgary—There is a co-ordinating all this district and fourteen out of eighteen nurses were down at one ranch. **Sanitation**—Following the rather dry summer letter which was sent out to every board of health in the province about the beginning of October, which called attention to certain sections in the regulations and the dealing with general sanitation and cleanliness, and the penalties for neglecting to enforce these regulations, the minister this morning advised Mr. Owens, the sanitary engineer, to give peremptory instructions to his five inspectors who are moving up and down the province to institute precautions against offenders, and more particularly to place a \$50 blister upon the members of any board of health who have paid no attention to the early warning and where premises in the town are obviously in bad shape. Particular attention will be paid to the back end of all hotels, public houses, restaurants, eating houses, to all rooming houses, laundries and such like places, and to all back yards.

Willing Workers—Following the recommendation made more considerable time ago to the municipalities by the Provincial Board of Health to organize a nursing service in each municipality, the minister yesterday sent the following telegram to all members of the legislature:

"Members of legislature should continue earnestly leading the way in organizing under local physicians instructions, all workers—men and women—in town and country in fight epidemic. List of trained and semi-trained nurses extremely limited. A second letter was also sent. **Masks**—Everyone should have at least two. They should never be worn wrong side towards face at the end of each half day the masks should be thoroughly sterilized by boiling for at least half an hour. **Cases Reported**—The total number of cases reported to this office up to-

midnight last night in the province was 3774. These are reported from 115 districts and 10 outside of this city a few of the heaviest are as follows: Medicine Hat, 148; Greyhead, 144; Wynne, 109; Claresholm, 100; Calgary city, 243; Drumheller, 101; Leduc and district, 209; Lethbridge, 200. However, the cases reported are no safe guide at all. Our best general advice, for example, as in Leduc and the district west and south is 500 or 600 cases.

Instructions to Doctors—The following instructions have been issued and sent out to all doctors, nurses, hospitals and such like institutions:

The provincial board of health wish to call your attention to certain essentials which appear to them to be of sufficient importance to be especially noted in the management of influenza and pneumonia cases.

Fresh air is most important in the treatment of these cases. The patients in most cases improve immediately they get a plentiful supply of fresh air. They should be well wrapped up with only the head exposed, and if possible on fine days they would be better outside if they could be carried out on a stretcher. They should not be allowed to walk.

It is very important also that pneumonia cases should be isolated, since this complication of influenza is due to the streptococcus and pneumococcus and there is danger from all of the occupants of the room becoming infected from pneumonia cases.

All nurses and attendants while on duty should wear gowns. Where proper gowns are not available large all-over aprons might be used. Nurses in attendance should wear masks not only longer than two hours, after which length of time they should be boiled.

A vaccine is being prepared at the provincial laboratory for the prevention of the complications of pneumonia. This will be ready in a few days. It is expected that this will be sent to the medical health officers of the different municipalities for distribution among local physicians. The material for the vaccine has been obtained from fatal cases of pneumonia in Edmonton. It will not be for sale.

The people who attended the basket social at the Winans Valley school house of this vicinity were: Jon Calhoun, Mrs. and Mrs. Weiberg, Mrs. Hart Calhoun, who is in Wetaskiwin this week, expects to return by Saturday's stage. Mr. Freeman Wilson has been laid up the past few days with his foot, having developed blood poison and

syphilis. He is reported to be much better now.

The hunters in this vicinity are getting ready for the hunting season to open and wishing for a snow about the 1st of November.

BON ACCORD

Bulletin News Service.

The funeral took place on Tuesday, October 22, of the late Mr. Karl Noll-

son of Bon Accord, whose death, as the result of an accident, was so sudden.

The service was held in the home and conducted by the Rev. Dr. McQueen of Edmonton. The body afterwards was conveyed to the Bon Accord cemetery, followed by a very large number of people, who wished to show the high respect in which they held Mr. Neilson, and to show sympathy with Mrs. Neilson and family.

The Sufferer Way.

Clark—Can't I sell you a burglar alarm?

Jones—No, thanks! If a burglar comes I prefer to remain asleep.

party with Mrs. Neilson and family.

Mr. Frank Pierce, who was with Mr. Neilson when the accident happened, is getting better.

The Sufferer Way.

Clark—Can't I sell you a burglar alarm?

Jones—No, thanks! If a burglar comes I prefer to remain asleep.

AUSTRIAN PUBLICIST REACHES SWITZERLAND.

Berne, Oct. 29—(Havas)—Baron Chenevix, the Austrian publicist, has arrived in Switzerland, according to the Neue Zeitung of Zurich, which says that before he left Vienna he had an audience with Emperor Charles.

Man's Greatest of Opportunities To Render a Service To Mankind

CANADA'S ANSWER to the greatest outrages ever perpetrated on mankind will be voiced by the manner in which Canada responds to the Victory Loan.

Can we call ourselves a civilized people—can we hold up our heads among the other civilized people of the earth—if we do not respond wholeheartedly and unstintingly with our money so that the greatest crime of the ages may be avenged?

Subscribing to the Victory Loan is more than a duty. It is an opportunity—man's greatest of opportunities to render a service to mankind!

Add to your patriotism the desire to see the world freed from brute domination. Consider that it is only money that you are parting with—temporarily—and that it will be returned to you with interest.

RELIEVE CONSTIPATION

CONSTIPATION IS A COMMON AFFLICTION FROM WHICH MORE PEOPLE SUFFER THAN FROM ANY OTHER. IT IS CAUSED BY A LACK OF ACTION OF THE BOWELS. IT IS REMEDIED BY THE USE OF LARMEE'S VEGETABLE PILLS.

LARMEE'S VEGETABLE PILLS

A Business Proposition

CANADA looks to YOU for help in making this great Victory Loan a success.

Canada needs your MONEY.

Ours is a country whose individual citizens are more prosperous than those of any other country in the world.

Canada has come to YOU—her citizens—with a straight business proposition.

That proposition in a nutshell is this:

"I need Three Hundred Million Dollars to help finish up my business over in Europe. Lend me the money for a short time at 5 1-2 per cent. interest, payable half-yearly, and I pledge the return of every cent of your loan."

Plan to take all the Bonds you can possibly pay for. The payments are as follows:

- 10 per cent. on application.
- 20 per cent. December 6th, 1918.
- 20 per cent. January 6th, 1919.
- 20 per cent. February 6th, 1919.
- 31.16 per cent. March 6th, 1919

Christmas, 1918,

will probably be the last Christmas which will be celebrated by our boys amid the sound of booming guns and bursting shrapnel, the whirl of armed airplanes, the dangers, hardships and privations of life in an army at war. Next Christmas, if all goes well, they will be home to eat Christmas turkey and plum pudding with their feet under the home table. What joy it will be to you then to hear them tell of the pleasure and satisfaction they had out of your Christmas parcel this year. So do your best to make this Christmas the best war Christmas the boys have had.

Don't stint. Send them all you can. Let the boys know that you think of them a lot and that you think a lot of them. Let your Christmas message be in deeds as well as words. Write your Christmas letter, and in it tell them there is a parcel coming, and let it be a good one.

Then, there are the boys of our army who have no homes in Canada, perhaps have no loving friends anywhere—the boys who are fighting for us just as valiantly as those who have their own homes, their wives, sisters, mothers and sweethearts to defend. Don't let their Christmas be lonely because they have no mother or sisters or wives. Let them know we appreciate their sacrifices and heroism even if we do not know their names. Make up a box for the lonely, homeless boy and address it so that the authorities will see that it goes to some soldier boy who gets no other Christmas parcel.

Send your parcels in good time. They must leave Edmonton by November 1st to get there before Christmas. Don't delay. Don't run the risk of having your boy think he is forgotten at home, because Christmas morning in the dugout or trench, in the hospital or at the base, finds no Christmas parcel from home for him. Save him these feelings by making sure your parcel leaves early—better too early than too late.

WHAT TO SEND IN THE PARCEL

There are no restrictions as to what can be sent through the mails, except that no explosives, matches, celluloids or liquors can be sent through the mails. Tins or bottles of butter and other oily or liquid substances must be put in boxes with some absorbent such as sawdust, absorbent cotton, etc., to absorb anything that may leak out.

You will find suitable suggestions in the advertisements of this page.

POSTAGE RATES

The weight limit on parcels going to the United Kingdom is 11 pounds, and the rate of postage is 12 cents a pound or fraction thereof.

The limit on parcels going to France or Flanders is 7 pounds. The postage on any parcel up to 3 pounds is 24 cents; over 3 pounds and not over 7 pounds, 32 cents.

The limit on parcels going to the forces on the Mediterranean and the Saloniki front is 7 pounds, and the rates of postage are: 1 lb. 32c, 2 lbs. 40c, 3 lbs. 48c, 4 lbs. 56c, 5 lbs. 64c, 6 lbs. 72c, 7 lbs. 80c.

To ensure delivery to the boys at the front, all Christmas parcels must be at the Atlantic Coast by November 15th, which means, says the Edmonton postmaster, Mr. G. S. Armstrong, that parcels must be posted at Edmonton not later than Nov. 1st.

French Troops Close in on Guise; Make Progress Along Right Bank of Perron River

Paris, Oct. 29.—General Debény's first army continues to close in on Guise and has captured German first line trenches and the barracks and hospital of the Chateau in the town of Guise, according to the war office statement issued Tuesday morning.

South of Guise French troops have passed beyond Louvry farm. They also continue to make progress on the right bank of Perron river.

BITTER FIGHTING CONTINUES.

With the British Armies in France and Belgium, Oct. 29.—(Associated Press)—Bitter fighting occurred Tuesday near the Mont Thuy Wood, northwest of Farnars, south of Valenciennes. The Germans counter-attacked the British in the woods and latest reports are that parts of the forest are held by both sides.

ON ITALIAN FRONT.

Rome, Oct. 29.—The battle begun on the Piava river Sunday by Italian and Allied troops is continuing victoriously the war office announced today. Italian troops stormed the heights of Val Dobbiadente. They also carried the heights of Col. Fosto and entered Susegana. Numerous guns were captured. French infantry assaulted Mont Pionar and captured it.

Earlier reports of the fighting on this front page 3.

AMERICANS ACTIVE.

With the Americans Northwest of Verdun, Oct. 29.—Activities along the centre of the American front began long before daylight Tuesday morning with a furious bombardment. The enemy opened a heavy fire with gas shells at 2:30 o'clock, which was changed to gas and explosives between 4 and 5 o'clock. The American artillery responded. American patrols were active in Bantheville Wood all night.

BRITISH REPORT.

London, Oct. 29.—Artillery duels and patrol encounters were the only activity on the British front during Monday night. Field Marshal Haig reports in his official statement Tuesday morning. The statement follows: "Apart from artillery activity and patrol encounters on different parts of the front, there is nothing of special interest to report."

Complete Independence and Peace are Wanted by Hungary

Copenhagen, Oct. 29.—Archduke Joseph has issued a proclamation stating that Emperor Charles has charged him with the task of securing complete independence and peace for Hungary. The proclamation also states that he will be signed at once and Hungary will join the rest of Europe in the fight against the enemy.

Berlin, Oct. 29.—Hungarian Socialists to the number 150,000 held a huge demonstration on Sunday in the streets of Budapest. Count Michael Karolyi and his followers addressed the crowds on behalf of a democratic Hungary. There were no distur-

TURKEY MAKES AN APPEAL FOR SEPARATE PEACE

London, Oct. 29.—Turkey has independently presented peace proposals to the Entente nations, according to a report from Constantinople forwarded by the correspondent at Copenhagen of the Exchange Telegraph company. The negotiations are expected to end soon, it is added.

HUN COMMENT ON RESIGNATION OF LUDENDORFF

Imagination of People of Germany Struck Forcefully by Military Changes

Amsterdam, Oct. 29.—(Associated Press)—Nothing except the abdication of the German emperor or the resignation of Field Marshal von Hindenburg could have struck the German people's imagination more forcefully than the resignation of Ludendorff. As the Vorwarts of Berlin the Socialist organ, says it, the resignation of Ludendorff means that the military element in Germany henceforth is directed of political influence.

The Vorwarts, which has no leader for the departing army chief, "What has happened was bound to happen and if Germany had won the German social democracy was determined not to permit a German victory being turned into a victory under the old name."

The newspaper hints darkly that "much more in the same direction is to be done." The resignation of Ludendorff is at least the history of the past few days. He declared that he was not to be the object of constitutional changes involving the reorganization of the military to the civil authorities. Then, says Wolff, followed Hindenburg's telegram of Friday to the press conference to the effect that the army rejected President Wilson's demand for capitulation. This was the signal for a general onslaught by the pan-German press upon the government. But the government stood firm and Chancellor Max Baumbach gave instructions to the press to be no more to military leaders with the result that Ludendorff departed "in high heat."

PAINTS MOUNT FOR AUTHOR Bell-Smith Makes Picture of Mount 'Sir Rider' For Rider Haggard

Toronto, Oct. 29.—P. M. Bell-Smith, the dean of Canadian landscape artists, has just returned from the Rockies after fulfilling an interesting commission. Two years ago Sir Rider Haggard, the English novelist, made a trip through Canada on his way home from Australia, travelling over the Grand Trunk Pacific railway. The geographical name of Canada on that occasion named a small peak near the Grand Trunk Pacific line in British Columbia. Mount Sir Rider, and the glacier on the mountain, "Haggard Glacier." The famous author, appreciating this honor, commissioned Mr. Bell-Smith to make a painting of the mountain for his English home and for exhibition in Great Britain, and Mr. Bell-Smith has now completed this work.

FARMERS HAVING EXEMPTIONS SHOULD GET EXTENSIONS

Ottawa, Oct. 28.—Confusion has apparently arisen in respect of notices issued to farmers exempted from military service on account of their occupation and farmers who have reported for military duty but are on harvest leave. On October 2 the military service branch issued a notice stating that men exempted as farmers, whose exemptions are expiring, should make an application for extension to the proper registrar. This notice, it is emphasized here, did not refer to soldiers on farm furlough or harvest leave. It applied only to men who have never reported or been ordered to report for duty.
